Re: Freedom of Information Act (FOIA) Request No. 2021-DA-04917-F

This is the Office of Information Affairs' (OIA) final response to the above-referenced FOIA request, which sought:

[T]he following records from the Hazardous Materials Management Program: 1) A copy of the portion of the NEAT database with the status of all military legacy sites known to exist on USDA-managed land; 2) a copy of guidance provided from HMMP to USDA agencies during 2020 and 2021 to streamline the cleanup of military legacy sites.

Your request has been processed under the FOIA, 5 U.S.C. § 552.

A search for responsive records was conducted by the Office of Property and Fleet Management (OPFM). The OPFM provides Department-wide administration, leadership, oversight, and policy in the areas of property, fleet and environmental management. This includes issuing guidance and policy, managing data, leasing oversight and compliance and assisting customers for real and personal property management, utilization and disposal; fleet card; and fleet, transportation, and aviation management. Additionally, the OPFM develops and administers policy and guidance for environmental management at USDA, including response and restoration, environmental compliance, and sustainable operations.

With regards to part 1 of your request, the OPFM identified twenty-three (23) pages of responsive records. With regards to part 2 of your request, the Hazardous Materials Management Program (HMMP) has not provided any formal guidance to USDA agencies on streamlining the military cleanup sites during 2020 and 2021. Therefore, there are no records responsive to part 2 of your request.

Following a review of the responsive records, the OIA is releasing a copy of the records in full, with no FOIA exemptions applied.

You may seek dispute resolution services from the OIA's FOIA Public Liaison, Mr. Harald Fuller-Bennett. Mr. Fuller-Bennett may be contacted by telephone at 202-239-4522, or electronically at Harald.FullerBennett@usda.gov or USDAFOIA@usda.gov.

You also have the option to seek assistance from the Office of Government Information Services (OGIS). Please visit <https://www.archives.gov/ogis/mediation-program/request-assistance> for information about how to request OGIS assistance in relation to a FOIA request.

Provisions of the FOIA allow us to recover part of the cost of processing your request. In this instance, no fees will be charged.

If you have any questions regarding the processing of these requests, please contact Mr. Roman Vayner electronically at Roman.Vayner@usda.gov or USDAFOIA@usda.gov.

For additional information regarding USDA FOIA regulations and processes, please refer to the information available online at www.dm.usda.gov/foia.

The OIA appreciates the opportunity to assist you with this matter.

Sincerely,

Handwritten signature of Alexis R. Graves in cursive script.

Alexis Graves
Director
Office of Information Affairs
